PRODUCT DESCRIPTION

ESPELLO LED lamp for illuminating mirrors, showcases, paintings or other elements that we would like to display with light. The lampshade, made of plastic, has a long, flat shape, thanks to which it ensures even illumination of a given surface. The simple and elegant form of this luminaire will make the lamp look good both in a modern bathroom and in interiors full of classic furniture, in which there are items worth special distinction with light. The light source in this product has a form of SMD LEDs that emit light with a natural white color. Despite low energy consumption of 6W, the luminous flux of the emitted light is high and equals to

510lm. The IP44 ingress protection class guarantees sufficient protection against dust and water splashing from any angle. Thanks to this the lamp is a safe solution for installation in the bathroom and other rooms with increased humidity. This type of lighting has been designed in a way that allows 4 methods of installation - in a display case, above the mirror and on the wall in 2 different ways. The product is made of aluminum in silver (chrome) color. The length of the luminaire is 40 cm.

TECHNICAL DATA

General information:

Luminous flux:	510 lm
Rated power:	6 W
Light source:	LED SMD
Degree of protection (IP):	44
Colour temperature:	4000
Nominal voltage:	230V~, 50Hz
Colour:	chrome
Installation:	surface mounting
Motion sensor:	No
Dimensions - depth:	35 mm
Dimensions - width:	400 mm
Type of switch:	on/off
Dimensions - height:	100 mm
Other features:	4 methods of installation
Colour rendering index CRI:	>80
Material:	aluminium + acrylic
