PRODUCT DESCRIPTION

This floodlight is of great use at homes and in other indoor spaces such as: garages, halls, etc. It can be also installed outside to provide light to parking areas, gardens or to illuminate building walls, signboards and billboards. This floodlight is equipped with LED SMD diodes which are the source of light and a PIR sensor that responds to motion. Taking into account ingress protection level of the device (IP44), it can be installed in rooms of increased humidity.
