

PRODUCT CARD

PRODUCT CODE: OR-DC-632

EAN CODE: 5908254817250

Natural gas sensor 230VAC

OR-DC-632 sensor is a modern natural gas detector for indoor use. It is used for continuous monitoring of the presence and detection of natural gas escaping from the leaks. The device uses a high-quality electrochemical sensor that allows to achieve a high rate of detection. After detecting a gas leak, reaching the set alarm threshold, the detector will emit an acoustic and light signal. Installation approx. 30 cm from the ceiling.

Types of detected threats:

natural gas

Test button:

Life time of the sensor:

5 years

Nominal voltage:

230V~, 50Hz

End of life indication:

Type of sensor:

semiconductor

Alarm volume (db):

85

Compliance with standards:

EN 50194-1:2009

General information

Types of detected threats: natural gas

Nominal voltage: 230V~, 50Hz

Alarm volume (db): 85

Test button: yes

Hush button: no

Type of power supply: directly to 230V

Failure indication: yes

End of life indication: yes

Compliance with standards: EN 50194-1:2009

Life time of the sensor: 5 years

Dimensions - height: 170 mm

Dimensions - depth: 51 mm

Type of sensor: semiconductor
