EAN CODE: 5908254808005

Insulated cable end terminal, max. section 10mm², copper sleeve length: 10mm, 100pcs.

Insulated end terminals that can be clenched on cable ends. They help to join cables in a neat and fixed manner. Thanks to the use of an end terminal, stranded wires can be entered to push-in connectors and they help to increase the quality of screw connection. Our offer includes insulated end terminals of many different max. section parameters and different sleeve lengths.

Contacts material:
Copper (100%) Tinned

Terminal length:
10

Compliance with standards:
EN 60352-2:2006
