**Insulated twin cable end terminal, max. section 1 mm<sup>2</sup>, copper sleeve length: 10mm, 100 pcs.**

Twin cable, insulated end terminals that can be clenched on ends of a pair of cables. They help to join ends of a pair of cables in a neat and fixed manner. Thanks to the use of an end terminal, stranded wires can be entered to push-in connectors and they help to increase the quality of screw connection. Our offer includes insulated end terminals of many different max. section parameters and different sleeve lengths.

**Contacts material:**  
Copper (100%) Tinned

**Terminal length:**  
10

**Compliance with standards:**  
EN 60352-2:2006
