EAN CODE: 5908254804342

2xMC4 splitter, Y type for photovoltaic panels

2xMC4 splitter (Y type) for photovoltaic panels helps to connect the panels in a professional, safe and fast way. This product is compatible with PV wires: 1.5-6mm². Long service life of the device is guaranteed by high-quality finishing. Protection level IP67 ensures water and dust resistance. These splitters also present resistance against UV rays and harsh weather conditions.

Insulation voltage:

0kV

Current:

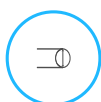

30A

Case flammability standard

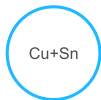

UL94:

V0

Wire cross-section:

1,5-6mm²

Cu+Sn

Contacts material:

Copper (100%) Tinned

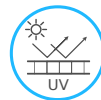

Material housing:

PC/PA

Power supply:

UV radiation resistance:

General information

Compliance with standards:

Connector type: 2xMC4 ,Typ Y

Wire cross-section: 1,5-6 mm²

Power supply:

Number of wires: 2

Current: 30 A

Contacts material: Copper (100%) Tinned

UV radiation resistance: yes

Case flammability standard UL94: V0

Degree of protection (IP): 67

Type of connection: clamp

Dimensions - depth: 300 mm

Dimensions - height: 18 mm

Material housing: PC/PA
