PRODUCT DESCRIPTION

The extension socket with three Tuya Smart sockets and two USB ports is a perfect for the users looking for modern and, above all, intelligent solutions in their homes.

Thanks to technology based on Wi-Fi connection and configuration with the Tuya Smart app, managing the connected appliances becomes extremely convenient, and also possible from anywhere in the world. Simply install the Tuya Smart platform, which supports Android and iOS, on a smartphone and then integrate the

platform with the extension socket.

The built-in energy meter allows to precisely monitor and fully optimize the electricity consumption via smart feature.

In addition, the timer allows to programme specific operating hours, which contributes to energy savings and increases the efficiency of the devices. The possibility of programming the working hours, the operating time of appliances and introducing random changes during holidays increases security.

The extension socket has three grounded sockets (Schuko type), which ensure safe operation and protect users from potential hazards such as electric shock.

What is more, the two built-in USB ports allow easy charging of mobile devices, which definitely increases the functionality of the extension cord. Connecting several devices at once eliminates cable clutter and helps to reduce mess.

Made of high-quality plastic in white adds a modern touch to any interior.

The dimensions measure 288x60x37 mm. The appliance available also with French type sockets.
