

Tuya Smart Wi-Fi door / window opening sensor, white

Marka: ORNO Home | Symbol: OR-SH-17601/W | Ean: 5908254844515

PRODUCT DESCRIPTION

The Tuya Smart door and window opening sensor is a device complementing a smart home to easily control doors and windows without touching them.

Thanks to Wi-Fi integrated advanced Tuya Smart app, the sensor allows to monitor and control door or window opening in real time from anywhere in the world. Simply install the Tuya Smart platform on an Android or iOS supported phone and then pair it with the sensor. The remote control provides not only convenience of

use but also security over what's happening at home.

The sensor is extremely sensitive, responding at once to any movement of the door or window. As a result, the user receives an instant notification on their mobile device of any movements.

The dimensions of the device measure 31x21 mm. Powered by three AAA batteries. Matte white colour. Installation on 3M adhesive.

TECHNICAL DATA

General information:

Suitable for wall mounting:	Tak
Material quality:	Tworzywo termoplastyczne
Depth [mm]:	61
Colour:	Biały
Compatible with Amazon Alexa:	Tak
Wi-Fi:	Tak
Powered by TUYA:	Tak
Compatible with Google Assistant:	Tak
Material:	Tworzywo sztuczne
Model:	Czujnik otwarcia
Nominal voltage [V]:	3
Control current [mA]:	<300
Voltage type:	DC
Mounting method:	Inne
Remote operation:	Tak
Degree of protection [IP]:	IP20
Width [mm]:	31
Surface finishing:	Matowy
Height [mm]:	21
With signal unit:	Tak

With alarm function:	Tak
Temperature [°C]:	(-10 - +55)
With remote control:	Tak
Battery:	2xAAA
Mounting:	Klej 3M
Magnet dimensions [mm]:	38x16x9
Standby power [μA]:	<20
Attery life:	1 rok (otwieranie i zamykanie drzwi 4 razy dziennie)
Wi-Fi Frequency:	2,4 GHz
Wi-Fi power [μA]:	<100
Wireless protocol:	802.11 b/g/n
