

LED COB 3W worklight, 200lm, 3 x AA magnet, hook

Marka: **Virone** | Symbol: **WL-7** | Ean: **5908254817403**

ViRONE

PRODUCT DESCRIPTION

This LED flashlight, which has a magnet built into the back of the housing and a folding hook, is extremely practical and handy. This flashlight will never get in your way. You can attach it to a metal surface or hang it in a convenient place, so you can free your hands and be able to work freely. The light source in form of a COB LED emits much more light than traditional fluorescent lamps, with less battery consumption. This flashlight is perfect for a car repair shop, service, garage, camping and as an accessory for your car. This device is battery operated (battery not included).
